

- LEGEND**
- Application boundary
- SOFT LANDSCAPE**
- Existing trees and vegetation to be retained
  - Indicative cut back of existing trees and vegetation
  - Existing verge to be retained
  - Proposed tree
  - Proposed specimen shrub
  - Proposed shrub planting
  - Proposed hedge planting
  - Proposed grassed areas
- Over all planting depths:
- Trees 1m soil depth (min 400mm topsoil)
  - Shrubs 600mm soil depths (min 350mm topsoil)
  - Grass areas 450mm (min 200mm topsoil)
- All topsoil to BS 3882:2015 Specification for topsoil and all subsoil to BS8601 2013 British standard for Subsoil
- Refer to arboriculturalist information for details of existing trees and vegetation.
- All tree locations to be reviewed at the detailed design stage with service locations.

- HARD LANDSCAPE**
- Granite/granite style block. E.g. Marshall's Modal, 300x100mm, Charcoal, Silver and Mid grey
  - Granite/granite style block. E.g. Marshall's Modal, 400x300mm, Charcoal, Silver and Mid grey
  - Granite/granite style block. E.g. Marshall's Modal, 400x300mm, Charcoal, Silver and Mid grey
  - Resin bound gravel, three colours in yellow/light brown tones
  - Composite decking. E.g. Milboard, Enhance Grain, Golden oak or similar and approved
  - Vitrified clay paving to private terraces E.g. Marshall's Symphony, 20mm thickness, natural - Ivory colour or similar approved
  - Asphalt with rolled aggregate finish to car park and car park access
  - Existing blacktop, to be retained and made good
  - Tactile paving
  - Granite/granite style slab. E.g. Marshall's Modal, 600x200mm, Anthracite and Silver grey
  - Play safety surfacing, bound rubber bark mulch, red/yellow/brown tones or similar approved
  - Granite sets with rumpled strip/area, mid grey colour
  - Steps with textured concrete step unit E.g. Marshall's Perfecta, Natural colour with contrasting band or similar approved

- EDGING**
- Edge Type 1 - 200mm wide x 125mm high raised kerb, granite/granite style, silver grey colour.
  - Edge Type 2 - 3mm wide flexible metal edging. E.g. Kinley's AluExcel or similar approved
  - Edge Type 3 - 6mm metal edging raised planter. E.g. CorTen steel, Kinley's HiGrade Bespoke or similar approved

- STREET FURNITURE**
- Proposed bench
  - Proposed litter bin
  - Proposed bollard
  - Proposed lighting
  - Cycle stand for parking both sides

- PLAY AREA**
- Proposed informal play area with simple timber play equipments (e.g. balancing beam, stepping post...) and playable elements (e.g. boulders, logs...)
  - Proposed formal play area with timber play equipment and safety surfacing

Note:  
All structures and material build ups to be designed and approved by an engineer.

The detail design is to incorporate tactile paving to meet the British Standard. Road crossing are to be advised by the project traffic engineer.

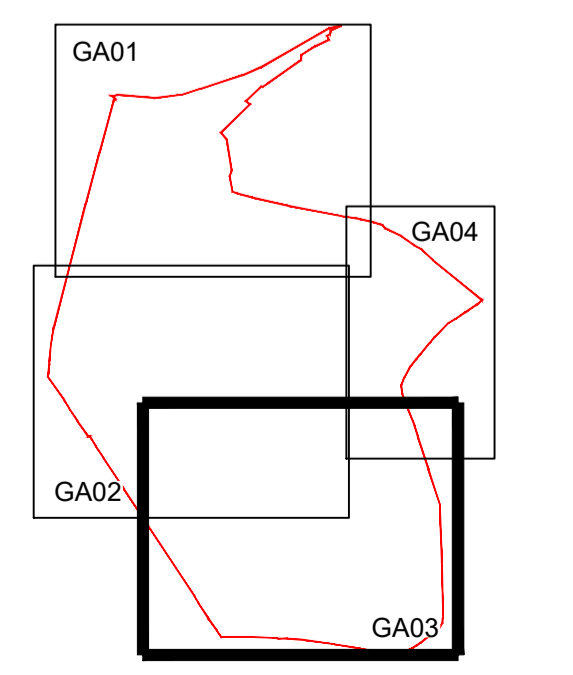

Lighting details to be coordinated engineer's detail.

Boundary treatment and gates to private terraces to tie in with architectural detail.

All kerbs to be BS standard kerbs.
