**Subject:** Two major schemes within the wide setting of listed buildings

Hell Ben

Applications 19/1177 and 19/1176

These are major schemes with complex planning implications, I confine my comments to any possible effects on listed buildings in the vicinity,

Application 19/1177 has two listed buildings within 200 meters or so but I not consider their setting will be adversely affected. Application 19/1176 would not In my opinion impact on any heritage asset either.

Regards

Andrew Hill
