Subject: RE: Planning Application PLAN/2020/0568

Classification: Public

Dear Sir/Madam,

We have now assessed the above application against safeguarding criteria and can confirm that we have no safeguarding objections to the proposed development.

However, we would like to make the following observation:

Wind Turbines

Wind Turbines can impact on the safe operation of aircraft through interference with aviation radar and/or due to their height. Any proposal that incorporates wind turbines must be assessed in more detail to determine the potential impacts on aviation interests. This is explained further in Advice Note 5, 'Renewable Energy & Impact on Aviation' (available at <http://www.aoa.org.uk/policy-campaigns/operations-safety/>)

Regards

Simon Vince
