Dear Sirs,

I wish to object to the current planning application on the following grounds:

1. 41 storeys would be much too high, and a significant blot on the landscape - the so-called flagship/landmark development being built in Victoria Way is about 10 storeys lower. In my view 20 storeys should be enough for this proposal.
2. There are not enough affordable flats in the proposal.
3. It would be unrealistic not to provide several hundred car parking spaces for the proposed flats. Even if flat owners do not own a car, their visitors will probably need somewhere nearby to park.

Yours faithfully,

Ian Berry
