16.7.20.

Dear Mr Bougnague,

PLAN / 2020 / 0568

I refer to your letter dated 6th July 2020 in which you sought feedback on the above planning application.

I have written numerous times about previous applications, and you will presumably have my letters on

bill. My objections to this<sup>2</sup> development remain the same; namely:

- There are insufficient facilities in the town to handle the influx of new people who would become residents of these proposed facilities (eg schools, doctors practices, dental practices, car parking, etc).
- The infrastructure in the town (existing and proposed) is not sufficient to handle a large number of new people and cars.
- The proposal would be yet another blight on the landscape of Woking. The

current Council seem  
intent on ruining the town  
for existing and future  
residents -

- Surely the message of  
COVID-19 is that there are  
lots of issues for people  
living in high-rise buildings.  
All the evidence I read  
suggests these buildings  
would create major social  
issues in the future.

I find it amazing  
that the Council ploughs a

with its destructive plans,  
and continues to ignore  
the worldwide opposition  
within the town.

What has happened to  
local authority responsibility  
and accountability!

Yours sincerely,
