Subject: PLAN/2020/0568 - objections

Dear Woking Planning Authority,

I would like to object to planning application PLAN/2020/0568, for reasons including the following:

- the proposed development height is out of proportion for the area, eclipsing the Victoria Square development and out of proportion with other surrounding buildings
- the mix of housing provision is not appropriate for Woking's needs - there are not enough family apartments (3+ beds) or affordable housing included

Thank you for incorporating my views into your decision making,

Anna Jones
