Commenter Type: Resident (local res.- member of public)

Stance: Customer objects to the Planning Application

Comment Reasons:

- High-over density of development
- Impact of development
- Out of Character

Comment: I object to the excessive height of the proposed development and resulting high density of development.

The current Victoria Square site was presented as a landmark redevelopment for Woking, and as such I think all future developments should be of lower height. This is particularly relevant with the fact that this development is west of the main town centre and nearer to traditional homes.
