**Subject:** Goldsworth Road development - PLAN/2020/0568 - Objection

Dear Sir or Madam,

I am writing this message to object to the « Greening Goldsworth Road » development project (reference PLAN/2020/0568).

If built, this development would be way too big for Woking. It would significantly alter the landscape of the city. This kind of project is completely incompatible with a sustainable, green, local approach that should guide any urban development being planned.

As it stands, it does not offer enough affordable housings, nor enough housings for families.

Thank you for taking this objection into consideration,

Clement Metivier  
1101 Harrington Place  
Heathside Crescent  
GU22 7ZW  
Woking
