Woking.

Plan /2020/0568.

Once again I am objecting to your plans for more redevelopments, North and South of Goldsworth Rd. Enough is enough. Most of all I am concerned for Highway safety, Loss of Privacy, overshadowing and light, Ecology, Flooding and Most of All is the height of 9 to 37 storeys high which is obscene. If a builder wants to build upwards he should build in cities not Woking Town. This is my second objection, I <sup>feel</sup> just ~~am~~ wasting my time, and nothing will stop these proposals
