Subject: (PLAN/2020/0568)

Dear Sirs,

I am writing in support of the Goldsworth Road application.

As someone who has worked in Woking for the last 17 years I have seen first hand the fantastic work that York Road Project do in support of homeless people in the borough.

These plans, which include a purpose built facility for YRP, will massively help them and their clients as they seek to achieve their aim of defeating homelessness in Woking.

I therefore would urge you to approve this application as I believe that it would be a truly positive thing to happen to Woking and for those who are forced to sleep on the streets.

Yours sincerely

Ian Raisbeck
